## MICHAEL W. FRERICHS

### WHAT'S NEW

I just released a 100 day report that focuses on ways the Treasurer's Office plans to assist working families through Education, Access, and Opportunity achieve the American Dream.

Over the next four years, I will ensure the Treasurer's Office is leveraging existing state programs and investments to give communities and families the tools needed to build a thriving household, send their children to college, and save for a secure retirement.

To help accomplish these goals, Plante Moran, an accounting and consulting firm, conducted a performance review of the Treasurer's Office at no cost to the state. I would like to thank Plante Moran for their work to ensure our office is efficient and saves taxpayers money.
